

List of Activities for the Year 2024

S. No.	Thematic area	Title of activity
1.	Renewable Energy	Concept Note of Webinar on “Pumped Storage Hydropower: Opportunities and Challenges in SAARC Region”
2.	Power Planning/Grid	Concept Note of Webinar on “Urbanization-Energy demand Nexus: challenges and mitigations”
3.	Power Planning/Grid	Concept Note of Webinar on importance of digital technologies in effective management of power grid
4.	Renewable Energy	Concept Note of Webinar on “Modern Clean Cooking Technologies for Rural Households”
5.	Power Planning/Grid	Concept Note of Webinar on “Demand stimulation techniques to cater likely excess electricity generation in Nepal”
6.	Renewable Energy	Concept Note of Webinar on “Challenges and Opportunities of Solar Irrigation Pumps”
7.	GHG Protocol	Concept Note of Training workshop on “GHG Protocol for Measurement, Reporting and Management of Emissions”
8.	Energy Transition	Concept Note of Training workshop on “Navigating the Energy Transition and its implication for SAARC region”
9.	Energy Modelling & Management	Concept Note of Training workshop on “Energy Management in Residential and Commercial Buildings”
10.	Energy Modelling & Management	Concept Note of Training workshop on “Energy Modelling on LEAP software”
11.	Electricity Exchange	Concept Note of Training workshop on “Understanding the functioning of Electricity Exchange”
12.	Electric Vehicles	Concept Note of Training workshop on “Electric Vehicle and its Charging Infrastructure”
13.	Energy Modelling & Management	Concept Note of Training workshop on “Financial modelling for Renewable Energy Projects”
